O/Modernt (Swedish for 'Un/Modern') is the unique concept devised by the violinist Hugo Ticciati. Combining old and new in unexpected ways, O/Modernt celebrates connectivity in and through art, aiming to bring about a heightened awareness of connections that span times, cultures and peoples.

O/Modernt is made possible by a wonderful family of friends and volunteers, young and old.

The Friends scheme provides you with a great way to support O/Modernt and to join a community of like-minded people, united by a passion for creativity without borders.

As well as receiving exclusive benefits, you will become an integral part of the O/Modernt family and play your role in its exciting future.
